THE WILMINGTONS DEFEATED IN A WELL-PLAYED GAME.

OUR TEAM RAPPED THE BALL HARD.

Chances of the Senators to Get Into the Lead--- The Newarks Play To Day. Now in Fifth Place.

Washington slipped into fifth place caterday by defeating the Wilmington Club, while Jersey City, its rival for the position, was being trouped by Worcester. The game was one of the most enjoyable of the season, well played throughout, and abounding to difficult plays that were foully applauded. Dantois made his first appearance bere, and did excellent work, He had good command of the ball, only sending three men to first, one on balls and the others by being hit by the ball. Until the eighth facing, when the game was practically won, he held the Wilmington batters down to a minfmum number of hits, but in that inning he eased up in his work and allowed three two baggers to be made off his delivery. Two runs were scored on these, but that was as far as the Delaware boys got, for in the last inning Daniels settled down

and retired them in stair step order.

Stein's delivery was no puzzle to the local men, for they batted hard from start to finish, making 15 hits with a total of 10 bases. The fielding on both sides was excellent, and only a very few errors marred the work of either side. Wilmington made two pretty double

The umpiring of Mahoney was the best that has ever been seen here, in any games, no matter what association any games, no matter what association they were played in. He was all over the field, and not a point in the game missed his attention. He was far better than any of the old League umpires, and such work as he did yesterday was superior to any that Gaffney ever did in his life. It was a remarkable exhibition in that association.

in his life. It was a remarkable exhibition in that respect, and one that a person does not often witness.

Whistler and Bird vied with each other to see who could make the largest number of hits, and the big first baseman came out ahead, making four hits to Bird's three. Bird evened it up, however, on a triple bagger, which he would have stretched into a home run had he not fallen after passing first base.

To day the Newarks will play here and Phillips will do the honors for the local team. It seems that Manager Trott has been guilty of a little bit of sharp practice, for yesterday he signed Anderson, the well known pitcher of the Philadelphia club and who recently won several games for the Wilmingtons. It is expected that he will pitch for the visitors, and if so the game will be a battle royal between pitchers. be a battle royal between pitchers.

BEGARDING GLEASON. The snnouncement exclusively in THE Currie day before yesterday that there would likely be a change within a few days that would be somewhat in the nature of a surprise, referred to Gleason. nature of a surprise, referred to Gleason. It was known at the time that Sullivan was on the lookout for a good man to replace him, but he declared last night be did not propose to make any change until he could better himself. Gleason is a valuable man for his batting, but he is a valuable man for his batting, but he is off in throwing, and for that reason men beat the ball to first when they should be put out. His batting compensates for this however, in a great measure, and if he throws as well as he did yesterday nobody will think about releasing him. It is unfortunate that the story should have been telegraphed the story should have been telegraphed away, giving the names and circumstances, for it excited "Brudder" Bill considerably, and he was at President Hewitt's office immediately after the dely after the USE CERES. game to find out whether there was any truth in the story.

NOW FOR THE PENANT. The Washingtons put up a liveller ame of ball yesterday than they have done for some time. They hit and fielded well and did some excellent team work by sacrifice hitting at oppor-tune times. It is just such work as this that lands a club at the top and keeps it there. The local club ought to reach first place by the Fourth of July, if it can continue the playing it has been doing recently. It is only six games behind the leaders, and it ought to be a comparatively easy matter to reduce that lead with the

hat lead, with the long series on the New Haven played its last game on the home grounds yesterday, and now it will have a taste of how a club fares away from home. That it will drop scens inevitable, and, of course, Washngton is going to profit by that drop. Bultimore being at home may manage to hold its own, but it has been playing in big luck lately and a change is very likely to follow. Washington may be able to pass Newarks this week, as it is only three games behind, and if it can win to day and to morrow it will do so. The present outlook is decidedly favorable to the local team retting up smoog the leaders very shortly and

Doctors, chemists, scientists and professors are now fully agreed that no whiskey med in America to-day is so chemically pure or free from fusel oil as Duffy's Pure Mait. It has successfully withstood the scoulty of all other whishes, the prejudice of weak minded and the lagoing of narrow-minded people. Why: Because it has produced results, restored health, proconged life, awakened the lagging faculties and counteracted the evil effects of poisoning water. Indeed, it is a pure, medicinal whiskey. Do not, however, allow any unserspulous dealer to impose upon you by declaring he has some convocition of his own that is "just as good," or some bottled whiskey that is "much hester." It is the very popularity of Duffy's Pure Mait that has caused these unworthy decocious to come into the market.
